Sub: Online Counselling for admission to Ph.D. degree programmes through AICE-JRF/SRF (PGS)-2019 examination held on 1st July, 2019.

Dear candidate,

Based on the results of the All India Competitive Examination for Admission to 25% Seats (100% seats of Dr. RPCAU, Pusa and ICAR-IVRI) in Doctoral degree programmes of accredited Universities under ICAR-AU system [SAUs, Central Agricultural Universities, viz. CAU, Imphal, Dr. RPCAU, Pusa, 3 Central Universities (CUs) having faculty of agriculture (BHU, Varanasi, AMU, Aligarh and SASARD, Nagaland University) *except* the 3 ICAR-Deemed-to-be-Universities (DUs), viz. IARI, NDRI and CIFE, where 100% of their seats shall be filled through their own separate national level entrance examination] and the award of ICAR-JRF/SRF(PGS) in Agriculture & Allied Sciences for Academic Session 2019-20, this is to inform that **you have been found eligible to register (Online) for choice filling**. You are likely to be recommended for admission in the accredited programme (based on the Sub-subject opted by you at the time of application and examination) in an accredited college of an accredited University chosen by you. This would, however, be subject to fulfilling of the prescribed eligibility requirements, availability of seat at your merit rank & category and verification of documents by the officials of admitting University at the time of admission. The SC/ST/Gen-EWS candidates who do not wish to take admission in their respective reserved category may opt for counselling with General + OBC (NCL) category provided they meet the prescribed eligibility criteria of General category.

Before registering for choice filling, you must ensure that all the eligibility conditions, as specified in the AICE-JRF/SRF(PGS)-2019 Information Bulletin (IB) available on NTA website (www.ntaicar.nic.in, www.nta.ac.in), are fulfilled in *toto* including completion of the degree, OGPA/percentage marks scored in Master's Degree examination, etc. (Where OGPA is awarded, equivalence between OGPA and % marks will not be acceptable). Please note that ICAR/Universities will NOT be held responsible for denial of admission to non-eligible candidates. The candidate is advised to read the IB in detail, especially the Item 4.0 (Admission through Online Counselling), of Online Counseling Brochure of AICE-JRF/SRF (PGS)-2019 available at ICAR website (www.icar.org.in, www.icarexam.net) and the requirements contain therein.

Candidate reporting for admission in the allotted University must have the original documents with self-attested photocopies, photographs to be produced at the time of admission in the allotted university as mentioned at item 4.1.1 of the Online Counseling Brochure of AICE-JRF/SRF (PGS)-2019 available at ICAR website (www.icar.org.in, www.icarexam.net).

Candidate reporting for admission in the allotted University must have Degree/Provisional Degree Certificate (PDC) of completion of Master's degree programme. The candidate who does not have the Degree/PDC has to mandatorily produce a certificate from the Registrar of the concerned university specifically indicating that **the candidate has fulfilled all the requirements for the award of Masters degree including thesis submission and completion of viva-voce and his/her Final OGPA/Percentage of marks at the end of final semester/year along with mentioning the likely date of issuance of PDC/Degree.** The candidate should note that the university may deny admission in case the PDC/Degree is not produced at the time of admission with the university. **No correspondence shall be entertained by the Council in this regard.**

The candidate should also note that 4/5(BVSc & AH)/6 (10+6, BSc. Ag.) years' UG degree and 2 years' PG degree with thesis work are the essential requirements for admission to doctoral degree programmes in the AUs. The candidate having passed with 3 years' UG degree programme is not eligible for Ph.D. admission through AICE-JRF/SRF(PGS) examination.

In case any degree from a particular college/university is not considered for admission by an Agricultural University or any particular college/university has been derecognized by VCI/UGC, or due to any court directives (present or future), ICAR will not be responsible for admitting students of that college/university in the Universities not willing to admit such candidates.

The candidates passed out from private agricultural colleges/universities not accredited by ICAR were notified, through Information Bulletin, as not eligible to appear in AICE-JRF/SRF(PGS) examination. Therefore, if any of such candidates have appeared and qualified in the examination, they are not eligible to participate in the counseling. ICAR will not be held responsible for denying admission to such candidates by any of the accredited AU under the ICAR-AU system.

The exact title/nomenclature of the degree programme might vary from one university to another. The candidate is advised to enquire about the nomenclature of degree programme and other details from the Registrar of the concerned university [for contact details, please refer Annexure-III of the Online Counseling Brochure of AICE-JRF/SRF(PGS)-2019 before registering for Choice filling /seeking admission.

Against total number of ICAR seats available for a particular degree programme in a university, not more than 40% of ICAR seats from one State would be allocated to any one university in that Sub-subject under a particular category. While computing 40% number, mathematical method of rounding to the nearest integer would be adopted except where there is only one seat, in which case, the whole seat would be allocated. While rounding off, the number might exceed 40% to that extent.

Fellowship would be granted only when the candidate seeks admission after counselling and pursues Ph.D. degree in an AU other than the AU from where he/she has completed Bachelor's or Master's degree as indicated in the Information Bulletin and Online Counseling Brochure. The candidate is advised to go through Item 6.0 [Conditions for the award of ICAR-JRF/SRF(PGS)] of the Online Counseling Brochure in this regard. ONLINE CHOICE FILLING (AS PER DECLARED SCHEDULE)

Candidates found eligible for counseling will be sent Username and Password through email and/or SMS on the registered email ID/Mobile No.

Candidate should visit the website <https://icar.org.in> or www.icarexam.net and login using the Username and Password.

Payment of one-time NON-REFUNDABLE Registration fee (Rs 400/-) through Online payment gateway.

Selection of preferred Course and the University (from drop down menu) one by one with preference change facility.

(Candidates must ensure that all the eligibility conditions, as specified in the AIEEA (UG)/AIEEA (PG)/AICE-JRF/SRF(PGS)-2019 Information Bulletin available on NTA website (www.ntaicar.nic.in or www.nta.ac.in) are fulfilled in toto including completion of degree, OGPA/percentage marks scored in the qualifying examination, etc.)

Choice filling will be permitted only once. For subsequent round(s) of counselling, allotment will be done on the basis of same choices (If the candidate has not been allotted any seat till then.)

For UG only those course(s) will be displayed for which the candidate is eligible. For PG, only those Sub-subjects under a Major Subject Group will be displayed for which the candidate is eligible.
For Ph.D., only the Major Subject Group and the Sub-subject (opted at the time of online application) will be displayed.

[Seats in Dairy Chemistry (Code 8.1) and Fish Nutrition & Feed Technology (Code 11.4) Sub-subjects have not been received in the Council from any of the accredited universities. Though the scores of such candidates have been prepared by NTA, however, they are not being considered for the counseling. The Council will not be held responsible to give admission to the candidates who have

qualified in these sub-subjects as already notified [(Pl. refer to Item 2.2 of AICE-JRF/SRF(PGS)-2019 Information Bulletin)]

Only those accredited Universities will be displayed where the desired courses run.
However, candidate should cross-check the same from the concerned University.

Candidate should fill maximum number of choices but give utmost importance to the preference/order/serial number of his/her choices as this will be an important criterion for seat allotment.

Candidates MUST “lock” their choices on/before the last day of choice filling. If candidates do NOT lock their choices, last saved choices will be locked automatically upon reaching the deadline for choice filling. Candidates will NOT be allowed to edit their choice list after the deadline for choice filling, i.e. candidates CANNOT change the order of their choices OR add any more course in OR delete any course from their choice list after the deadline for choice filling.

SEAT ALLOTMENT AND UPGRADATION

On the date of allotment, candidate's choices, his/her merit, score, qualification, domicile, category, sub-category, last University in which studied and seat matrix will be processed together and seat will be allotted following the reservation rules of Gol. Candidate will be allotted one of his/her desired accredited University/Course. Allocation of an accredited college within the University allotted shall be done by the University itself. It does not come under the scope of this counselling.

Candidate should download his/her provisional allotment letter mentioning the Course/University allotted and the date on which he/she has to report at the allotted University along with all listed documents. Candidate will also be sent this intimation through SMS and email.

All the candidates who have been allotted a seat for the first time in any round of allotment will be mandatorily required to report at the allotted University within the prescribed date and time failing which their allotment will be cancelled.

Upon reporting at the allotted University, the candidate has to produce all the relevant original documents to the University officials for verification. University may refuse admission if the listed documents are not found in order or the candidate is found ineligible for admission.

The candidate shall pay the prescribed fee to the University and the University official will generate the Provisional Admission letter of the candidate.

Some candidates will be allotted their 2nd/3rd/4th or even higher choice. On the other hand, some seats allotted to other candidates may remain vacant due to non-reporting or the reasons of ineligibility, etc. Provided the seat(s) have become vacant, these reporting candidates may request for sliding to a better choice in the subsequent round of allotment. It may be clearly noted that the candidate will be considered for sliding ONLY to one of the better choices that were given by him/her at the time of online choice filling. Such candidates should request the University officials to online mark them for “Upgradation”. However, it will be MANDATORY for the candidate to first take admission on the allotted seat.

Contd....

Contd....

If the candidate could not request for “Upgradation” at the University at the time of reporting, and wants to do so, then he/she will be able to do it, after admission, as per his/her convenience at home, using his/her login credentials. Such candidates will be required to **print their “Upgradation” letter, sign it, scan and upload on the counseling portal**. University officials will download the same through the University Login and attach that along with the other documents submitted by the candidate earlier.

Vice versa, if the candidate had opted for “Upgradation” while reporting at the University but does not want to continue with it, then he/she will be able to do so through his/her individual login as per his/her convenience at home.

The status of all the candidates who had opted for “Upgradation”, will be available through University Login with complete chain of developments (In/Out).

In the subsequent round of allotment, such candidates will be tried first for their better choices on the seats which had become vacant due to not reporting, ineligibility, etc.

If the candidate does not get a better choice, then his/her initially allotted seat will be retained by him/her.

If the candidate gets a better choice, then his/her initially allotted seat will stand CANCELLED and the candidate will have to accept the “Upgraded” seat. In NO case, such “UPGRADED” candidate will be allowed to retain the initially allotted seat. Therefore, the candidate must be very careful in exercising the request for “Upgradation”.

The “Upgraded” candidates are EXEMPTED from reporting at the “Upgraded” University. Since the eligibility and documents have already been verified by a Competent University, therefore, the candidates have been given this relaxation. After upgradation, the candidate should contact the concerned university and verify the date of registration and additional eligibility requirements/criteria, if any, for the allotted course, well in advance, before finally reporting for admission. However, if the “Upgraded” University/ Course has some additional requirements of eligibility then the onus shall lie on the candidate to fulfill such eligibility criteria/requirements. At the time of beginning of Classes at the university, documents of all such candidates will be checked and in the event of lapses being found, the university may deny admission to such candidates. In reporting module of the University login, all such candidates will be marked as “ADMITTED” by default by the system. The University will not be able to change their status as Not Admitted: Absent/Not turned up.

If a candidate is “Upgraded” during the second allotment and he/she still has scope of getting a better choice, then he/she can again request for “Upgradation”. Since the candidate is exempted from reporting at the “Upgraded” University so he/she will again be permitted to do so with his/her own login as per his/her convenience at home. However, if the “Upgraded” candidate wishes to report at the “Upgraded” University, then he/she can do so.

Since there will be only three rounds of counseling, request for “Upgradation” will be permissible only during the first and second rounds.

University will report Online about the admission status of each and every individual candidate. NONE of the candidate should remain un-reported. ICAR shall not be responsible for any wrong reporting by the University as this forms the basis of further activities. So the University officials **MUST** doubly verify their reporting as the seats reported vacant will form the seat matrix for subsequent rounds.

Subsequent round of allotments (2nd and 3rd) will be conducted for candidates who did not get any seat in the earlier rounds. However, their choices will remain the same as filled in the beginning.

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC(NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where

 M is marks (out of 100) obtained by the candidate in the paper M_q is the qualifying marks for general category candidate in the paper \bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions) $S_q = 350$, is the score assigned to M_q $S_t = 900$, is the score assigned to \bar{M}_t

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of j^{th} candidate in the i^{th} session \hat{M}_{ij} was computed using the formula

$$\hat{M}_{ij} = \frac{\bar{M}_t^g - M_q^g}{\bar{M}_{it} - M_{iq}} (M_{ij} - M_{iq}) + M_q^g$$

where

 M_{ij} is the actual marks obtained by the j^{th} candidate in i^{th} session \bar{M}_t^g is the average marks of the top 0.1% of the candidates considering all sessions M_q^g is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions \bar{M}_{it} is the average marks of the top 0.1% of the candidates in the i^{th} session M_{iq} is the sum of the mean marks and standard deviation of the i^{th} session

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC(NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where

M is marks (out of 100) obtained by the candidate in the paper

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of j^{th} candidate in the i^{th} session \hat{M}_{ij} was computed using the formula

$$\hat{M}_{ij} = \frac{\bar{M}_t^g - M_q^g}{\bar{M}_{ti} - M_{iq}} (M_{ij} - M_{iq}) + M_q^g$$

where

M_{ij} is the actual marks obtained by the j^{th} candidate in i^{th} session

\bar{M}_t^g is the average marks of the top 0.1% of the candidates considering all sessions

M_q^g is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions

\bar{M}_{ti} is the average marks of the top 0.1% of the candidates in the i^{th} session

M_{iq} is the sum of the mean marks and standard deviation of the i^{th} session

Graduate Aptitude Test in Engineering (GATE) 2020 was organised by Indian Institute of Technology Delhi on behalf of the National Coordination Board (NCB) – GATE for the Department of Higher Education, Ministry of Human Resources Development (MHRD), Government of India.

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC(NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where

M is marks (out of 100) obtained by the candidate in the paper

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of j^{th} candidate in the i^{th} session \hat{M}_{ij} was computed using the formula

$$\hat{M}_{ij} = \frac{\bar{M}_t^g - M_q^g}{\bar{M}_{ti} - M_{iq}} (M_{ij} - M_{iq}) + M_q^g$$

where

M_{ij} is the actual marks obtained by the j^{th} candidate in i^{th} session

\bar{M}_t^g is the average marks of the top 0.1% of the candidates considering all sessions

M_q^g is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions

\bar{M}_{ti} is the average marks of the top 0.1% of the candidates in the i^{th} session

M_{iq} is the sum of the mean marks and standard deviation of the i^{th} session
